Donations for charitable purposes¹ (EUR)

The Elmos Foundation finances charitable causes in three areas: projects to promote and support education and science, local activities at Elmos Group locations, and initiatives to combat global poverty.

Elmos Semiconductor SE also made a generous donation in kind for research purposes in 2023 by donating a test machine worth around 60,000 Euro to the University of Technology Chemnitz.

Further information can be found in the Elmos ESG policy “Social engagement”. For a more detailed insight into the Foundation’s work, the brochure “Achieving more together, and supporting commitment.” is available at www.elmos-stiftung.de.
