

Investor Presentation Q2 2024

August 2024

elmos[®]

Elmos corporate overview

Corporate highlights

~8 Elmos ICs
on average in every new car produced

6 product segments
Ranging, Sensor ICs, Motor Control,
Lighting, Safety/Power/Custom ICs, Optical

15 main locations worldwide incl. 6 R&D centers;
HQ located in Dortmund, Germany

40 years experience in analog
mixed signal IC solutions

>1,300 employees thereof ~450 product
developers & engineers

Sales breakdown FY 2023

Financial highlights FY 2023

575 million Euro sales
3rd annual sales record in a row

26.2 percent EBIT margin
EBIT of 150.7 million Euro increased by 37%
compared to the previous year

99.1 million Euro net income
Earnings per share (EPS) 5.79 Euro

115.1 million Euro CAPEX
mainly for the expansion of test capacities

~1.3 billion Euro market capitalization
as of December 29, 2023

Elmos IC solutions – enabling intelligent electronics

elmos[®]

Elmos is a pioneer for innovative IC solutions and the world market leader for various automotive applications. Together with our global leading Tier1 & OEM partners, Elmos is the driving force of the mobility of the future.

Automotive applications powered by innovative Elmos semiconductors

Elmos ESG product contribution¹:

72% Environment & Efficiency

76% Safety & Health

56% Comfort & Well-Being

¹ Based on Elmos ESG product matrix & product contribution 2023. Only applications with a high or medium impact are considered to make a significant contribution. The majority of Elmos products can be attributed to multiple purposes simultaneously.

Highlights of Q2 2024

Ongoing positive development after the end of the chip allocation

Economic environment

Fiscal year 2024 will continue to be affected by a challenging economic and geopolitical environment.

Global economic growth remains broadly unchanged despite persistent inflation. The IMF continues to estimate 3.2% global GDP growth with growing economies in the US (+2.6%), China (+5.0%) and India (+7.0%). Slight growth is expected in the Euro area (+0.9%) incl. Germany (+0.2%) for 2024.¹

According to the VDA², global automotive markets have developed positively in the first half of 2024 with new car registrations growing in Europe (+4.4%), China (+3.3%) and USA (+2.1%).

Semiconductor market

In 2023, the overall semiconductor market was impacted by economic headwinds and weaker demand for consumer electronics and PCs, resulting in a decline of -8.2% (WSTS).³

The allocation situation and the supply bottlenecks in the global supply chains for automotive semiconductors have normalized during the course of 2023. Still, the automotive semiconductor market grew by almost 20% in 2023.⁴

After three years of very dynamic growth, the automotive semiconductor market has entered into a normalization phase with lower order levels, and temporary inventory adjustments resulting in lower year-on-year growth rates of 5% in 2024.⁴

Structurally, however, the demand for automotive semiconductors remains high due to the increasing number of intelligent electronics, digitalization and more safety and comfort features in modern vehicles.

Strategic highlights

In June 2024 Elmos has advanced to the TecDAX, making Elmos one of the 30 largest listed technology companies in Germany based on free float market capitalization.

The AGM in May 2024 approved a dividend of 0.85 € per share and adopted all agenda items with a large majority.

The transformation of Elmos into a fabless company is well on track. Closing and transfer of the remaining purchase price of 56 million Euro is expected in December.

We continue to focus on optimizing the utilization of the testing equipment, increase machine uptimes and improve testing times to reduce our CAPEX. Another strategic focus area is the optimization of working capital levels to improve cash generation and free cash flow in the medium term.

In 2023 we have achieved our annual target to reduce our own GHG emissions as a fabless company (Scope 1 & 2) by 10%. The Elmos ESG team is currently preparing to comply with the new disclosure standards based on the CSRD reporting regulation of the EU.

¹International Monetary Fund (IMF) World Economic Outlook (July 2024)

²VDA – German Association of the Automotive Industry (July 2024)

³World Semiconductor Trade Statistics (WSTS) Semiconductor Market Forecast (June 2024)

⁴S&P Global Mobility Automotive Semiconductor Tracker (June 2024)

Sales and EBIT

Quarterly sales (in million Euro) & gross margin (in %)

- Sales in Q2 2024 increased by 5.9 million Euro or 4.4% year-over-year to 142.0 million Euro.
- Gross margin stood at 45.2% in the second quarter of 2024.

Quarterly EBIT (in million Euro) & EBIT margin (in %)

- EBIT reached 35.9 million Euro, while the EBIT margin stood at 25.3% in Q2 2024.

CAPEX and R&D expenses

CAPEX¹ (in million Euro & in % of sales)

- Capital expenditures decreased to **14.4 million Euro** in Q2 2024.
- At **10.1% of sales**, the **CAPEX ratio** in Q2 2024 declined in line with our expectations.

R&D expenses (in million Euro & in % of sales)

- R&D expenses stood at **16.9 million Euro** or **11.9% of sales** in the second quarter of 2024.

¹Capital expenditures for intangible assets and property, plant and equipment less capitalized development expenses

Cash flow

Operating cash flow (in million Euro)

- Q2 2024 cash flow from operations totaled 22.1 million Euro and was still influenced by higher working capital.

Operating adjusted free cash flow¹ (in million Euro)

- Adjusted free cash flow amounted to 1.7 million Euro in Q2 2024.

¹Cash flow from operating activities less capital expenditures for/plus disposal of intangible assets and property, plant and equipment and excluding effects from M&A transactions

Working capital and net debt

Working capital^{1,2} (in million Euro, at the end of the quarter)

- Working capital increased to **292.5 million Euro** in Q2 2024 being mainly impacted by lower trade payables.

Net debt² (in million Euro, at the end of the quarter)

- Elmos' net debt position increased to **73.1 million Euro** at the end of the second quarter of 2024.

¹Trade accounts receivables plus inventories less trade accounts payables

²Statement of financial position figures reported including disposal group (Elmos Dortmund wafer fab)

Market forecast

Automotive market

Light vehicle production in million units¹

²S&P Global Mobility Automotive Semiconductor Tracker (June 2024)

Guidance

Elmos FY 2024 guidance (unchanged vs. February 15, 2024)

Guidance for FY 2024

Sales:	605 million Euro \pm 25 million Euro
Operating EBIT margin ¹ :	25% \pm 2 percentage points
CAPEX (in % of sales):	12% \pm 2 percentage points
Operating adjusted free cash flow ² :	positive and significantly above the level of the previous year (-24.3 million Euro)
Ø exchange rate:	1.10 EUR/USD

Notes to guidance 2024:

Besides current business performance and the order situation, the guidance is also based on the expectations and assumptions regarding general economic and geopolitical developments and specific industry and market developments.

Current expectations may be affected in particular by geopolitical events such as the war in Ukraine, the conflict in the Middle East, by tighter sanctions and trade restrictions, by market influences such as inventory adjustments by customers, increasing prices, and potential shortages for energy, materials, services, and personnel.

¹EBIT margin excluding effects from the closing of the sale of the Elmos wafer fab to Littelfuse Inc., USA

²Cash flow from operating activities less capital expenditures for/plus disposal of intangible assets and property, plant and equipment and excluding effects from the closing of the sale of the Elmos wafer fab to Littelfuse Inc., USA

The Elmos logo is displayed in a red, lowercase, sans-serif font. It is positioned in the top right corner of the slide, above a large background image of a blue sports car driving on a road.

Shareholder structure set for long-term perspective

Elmos Semiconductor SE shareholder structure (August 2024)

- Weyer Beteiligungsgesellschaft mbH and related parties¹
- Jumakos Beteiligungsgesellschaft mbH
- ZOE-VVG GmbH and related parties
- Treasury Stock
- Free float

¹Member of a pool agreement for coordinated voting (acting in concert) for a total of 25.02% of the shares in Elmos Semiconductor SE.

Elmos 5-year share price development

Sustainability strategy & materiality analysis

For Elmos, sustainability is an integral part of our corporate strategy, management processes and business goals.

Awareness of social & ecological responsibility has been firmly anchored in our culture for years and is reflected in many activities, projects and measures.

The foundation of our ESG strategy is a **materiality analysis** based on the UN SDGs.

Elmos Group: 6 of the 17 SDGs were identified as important:

Elmos Group

3 GOOD HEALTH AND WELL-BEING

5 GENDER EQUALITY

8 DECENT WORK AND ECONOMIC GROWTH

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

13 CLIMATE ACTION

Elmos Foundation makes an essential contribution to 6 additional UN SDGs:

Elmos Foundation

1 NO POVERTY

2 ZERO HUNGER

4 QUALITY EDUCATION

7 AFFORDABLE AND CLEAN ENERGY

10 REDUCED INEQUALITIES

16 PEACE, JUSTICE AND STRONG INSTITUTIONS

We have already implemented many **activities** in all three areas of sustainability – **environmental, social and governance** – and we will continue to work on making an even **more positive contribution to our society and environment** in the future.

elmos

ESG product matrix & product contribution¹

		Contribution to increased		
		environmental protection and efficiency	safety and health	comfort and well-being
Application	Automotive			
	Airbag	low	high	low
	Ambient lighting	medium	low	high
	Exterior lighting	medium	high	low
	Motor control and thermal management	high	medium	medium
	Optical ICs (including gesture control)	-	medium	high
	Power management (including eFuses)	medium	low	low
	Sensor ICs (including battery management)	medium	medium	low
	Ultrasonic sensors for environment detection	low	high	high
	Non-automotive			
	Industrial automation	medium	medium	-
	Smart home	high	medium	high

- 72% of Group sales make a substantial contribution to **environmental protection**
- 76% of Group sales enhance **safety and health**
- 56% of Group sales increase **comfort and well-being**

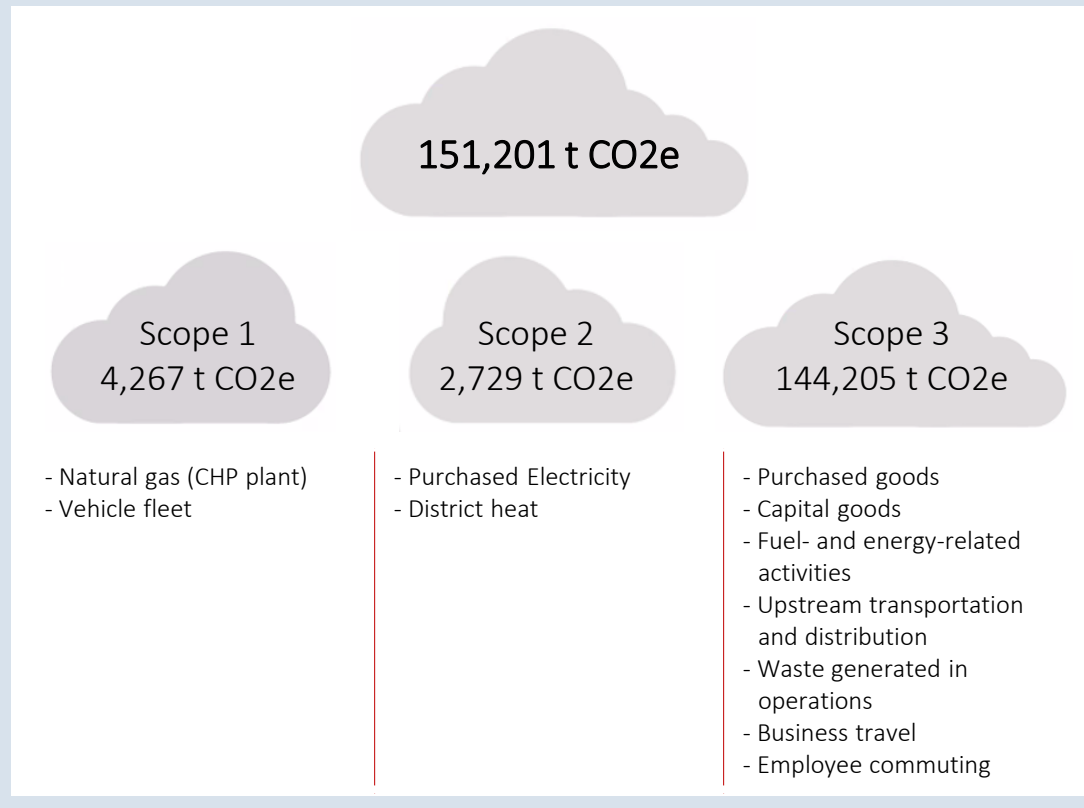

¹ Based on data for 2023. All applications with a high or medium impact are considered to make a significant contribution.

13

Elmos corporate carbon footprint & climate targets

Elmos Corporate Carbon Footprint 2023

- The calculation of the Corporate Carbon Footprint (CCF) is based on the international reporting standard **Greenhouse Gas (GHG) Protocol**.
- The CCF represents **Elmos as a fabless company** as this is our future setup

Elmos Climate Targets

- Elmos wants to reduce its GHG emissions **as a fabless company** for its own activities (Scope 1 & 2) by **40% until the year 2026** compared to the base year 2022.
- Elmos wants to become **climate neutral** for its own activities (Scope 1 & 2) by 2035.
