

Investor Presentation

October 2026

elmos[®]

Elmos at a Glance: Enabling Intelligent Mobility Around the Globe

Corporate Profile

- 5** mega trends driving IC-content per vehicle
electrification & efficiency, comfort & premium, safety, ADAS & autonomous driving, SDVs
- 5** product segments with global #1 or #2 positions
Ranging, Sensing, Motor Control, Lighting, SDV & Safety
- 20** locations worldwide in 10 countries
HQ in Leverkusen, Germany
main site in Dortmund, Germany
- >40** years experience as high-tech leader
in analog mixed signal IC-solutions
- >1,100** employees as one team
thereof ~500 in R&D

Sales Breakdown FY 2025

Automotive leader Sales by industry

Balanced portfolio Sales by segment

Scalable platforms ASSP vs. ASIC

Global presence: Sales by region

Financial Highlights FY 2025

583 million Euro group sales
showcasing record performance

21.8% EBIT margin
showcasing cost efficiency

5.8% CAPEX ratio
showcasing capital discipline

11.4% Adjusted free cashflow margin
showcasing cash strength

3.4bn Euro market capitalization
as of May 11, 2026

10 Elmos ICs on average in every new car globally

Elmos' Application Fields – Enabling Intelligent Electronics

elmos[®]

Elmos is a pioneer for innovative IC solutions and the world market leader for various automotive applications

Fabless Model Delivers Capital-Light, Scalable Capacity

Chip Design,
Innovation and
Customer Focus

Partnerships with Leading Semiconductor Ecosystem Players

Wafer Processing

Wafer Test

Assembly

Final Test (Backend)

Tape and Reel

In advanced discussions with additional external partners

Fabless strategy powered by in-house focus on core value-driving capabilities

Elmos Leads Markets with Deep Know-how and Disciplined Focus

ICs for
Ultrasonic Parking &
360° Ranging

Motor Control ICs
for Smart HVAC
Actuators

ICs for
LED Rear
Lighting

Pressure Sensing
ICs for
Brake Systems

ICs for
RGB Interior
Lighting

Elmos holds global #1 or #2 positions in its core automotive IC segments

Megatrends Converge to Define the Standard Modern Car

What the Modern Car Looks Like

- **Autonomous and safe:** Intelligent assistance systems enhancing safety and driving confidence
- **Electrified:** Electric powertrains delivering higher efficiency and lower emissions
- **Comfortable & Intuitive:** Smart comfort features and user-centric vehicle interfaces
- **Connected & Software Defined:** Always connected, upgradeable vehicles enabled by software

Market Growth: Elmos Profits from All Key Growth Drivers

Automotive Semiconductor Market

Semiconductor Content Growth Drivers

Semiconductor Content per Vehicle (in USD)

Elmos Growth Target 2030

Conservative Growth Target: Market-Aligned, with Upside

Powerful megatrends are shaping the modern car and they are fueling the Elmos growth engine

Elmos 1 Billion Euro Sales Targeted with a Balanced Multi-Segment Portfolio

Elmos Sales by Segment

(in % of total sales, figures are rounded)

2025

2030e

Elmos maintains a well-balanced revenue mix across all core segments, ensuring diversified and resilient growth

Majority of 1 Billion Euro 2030 Sales Target Already Secured

More than 3.3 billion Euro in new lifetime revenue provides strong visibility for growth trajectory towards 2030

Elmos Technology: Proven in Automotive – Ready for Robotics

elmos[®]

Beyond Automotive: Powering the Future of Humanoid Robotics

Position Sensing

Precise position detection for joints and fingers

Force Sensing

Force and touch sensing for delicate interaction

Temperature Sensing

Thermal monitoring for safe and reliable operation

Safety & Connectivity

Secure communication and functional safety for reliable system integration

Smart Lighting

Status indication and visual feedback

Motion Control

Ultra quiet and precise control of actuators and joints

Ultrasonic Nearfield Perception

Distance measurement, obstacle detection and material recognition

Current & Voltage Monitoring

Battery and power management and system diagnostics

Leveraging Elmos' proven automotive semiconductor expertise to enable the next generation of humanoid robots – one of tomorrow's most exciting growth markets

2030 Financial Targets Reinforce Value Creation Path

		FY 2025a Results	FY 2026e Guidance	2030 Target	Target Drivers
Financial Targets	Sales	583 million EUR	+12% ± 2 pp	~1 billion EUR	Design-win pipeline and structural higher IC content
	EBIT Margin	21.8%	23% - 26% (operating) ³	~25%	Operating leverage from scale and cost control
	CAPEX Ratio ¹	5.8%	~5%	~6%	Fabless model combined with operational excellence
	Adjusted Free Cash Flow Margin ²	11.4%	19% ± 2 pp (operating) ³	~17%	Strict investment and working capital discipline
Other Metrics	Gross Margin	42.3%	No Guidance	~45%	Fabless model and higher value products
	Nominal Tax Rate	~24%		~21%	New Group structure and optimized global earnings composition
	Working Capital	45.9%		<25%	Inventory normalization post-allocation and faster cash conversion

The acceleration in 2026 is just the start of an even more compelling growth story

¹Capital expenditures for intangible assets and property, plant and equipment less capitalized development expenses

²Cash flow from operating activities less capital expenditures for/plus disposal of intangible assets and property, plant and equipment

³Operating: Excluding effects resulting from the change to cash settlement of share-based incentive plans

Sales and EBIT

Quarterly Sales (in million Euro) & Gross Margin (in %)

- Q2 2026 sales increased to 162.0 million Euro or +11.2% YoY with a gross margin of 44.0%.
- End of inventory adjustments in the automotive semiconductor industry leads to increasing customer orders.
- China remains a strong growth driver, product ramps in Japan and Korea and a slightly better demand across Europe and the Americas supported the sales development in the first half year 2026.

Quarterly Operating¹ EBIT (in million Euro) & Operating¹ EBIT Margin (in %)

- Operating¹ EBIT improved significantly to 39.6 million Euro with an EBIT margin of 24.4% in Q2 2026.
- In addition to higher sales and the results of our cost optimization and efficiency programs on the one hand, earnings in the first half of the year were also influenced by rising costs for materials and supplier services on the other.

¹Operating: Excluding effects resulting from the change to cash settlement of share-based incentive plans

CAPEX and R&D Expenses

CAPEX¹ (in million Euro & in % of Sales)

- Capital expenditures amounted to **6.1 million Euro or 3.8% of sales** in Q2 2026 and continue to be on a low level.

R&D Expenses (in million Euro & in % of Sales)

- R&D expenses stood at **19.4 million Euro or 12.0% of sales** in the second quarter 2026.
- We are **expanding our global R&D capacities** with a local R&D center in China as part of our China localization strategy and a new R&D location in the Czech Republic.

¹Capital expenditures for intangible assets and property, plant and equipment less capitalized development expenses

Cash Flow

Adjusted¹ Cash Flow from Operating Activities (in million Euro)

- Q2 2026 **adjusted¹ cash flow from operations** totaled **25.9 million Euro**.
- The development vs. Q1 2026 was mainly due to higher trade receivables resulting in **increasing working capital**.

Operating¹ Adjusted Free Cash Flow² (in million Euro)

- Due to low CAPEX and the reduction in working capital **operating adjusted free cash flow** amounted to **14.9 million Euro** or **9.2% of sales** in Q2 2026.

¹Operating/Adjusted: Excluding effects resulting from the change to cash settlement of share-based incentive plans

²Cash flow from operating activities less capital expenditures for/plus disposal of intangible assets and property, plant and equipment

Working Capital and Net Cash/Debt

Working Capital¹ (in million Euro, at the End of the Quarter)

- Working capital increased to **272.4 million Euro** at the end of Q2 2026 mainly due to higher trade receivables.

Net Cash/Debt (in million Euro, at the End of the Quarter)

- After the dividend payment in Q2 2026, the **net cash position** of Elmos decreased to **15.7 million Euro** at the end of June 2026.
- Total payout to shareholders of 35.7 million Euro** in the first half of 2026, consisting of a share buyback (-10.0 million Euro) and the dividend payment (-25.7 million Euro).

¹Trade accounts receivables plus inventories less trade accounts payables

Market Forecast

Automotive Market

Light Vehicle Production in million units (IHS)¹

¹S&P Global Mobility Light Vehicle Production Forecast (July 2026)

Guidance FY 2026

Elmos FY 2026 Guidance (as of May 4, 2026)

Sales growth:	12% ± 2 percentage points
Operating EBIT margin:	23% - 26% of sales
CAPEX ¹ :	around 5% of sales
Operating adjusted free cash flow ² :	19% ± 2 percentage points
Ø exchange rate:	1.15 EUR/USD

Notes to guidance 2026:

Besides current business performance and the order situation, the guidance is also based on the expectations and assumptions regarding general economic development and specific industry and market development. Current expectations may be influenced in particular by geopolitical events, intensified sanctions and trade restrictions as well as economic, sector and market-specific developments and cost fluctuations.

Note on operating performance indicators

As announced in May 2026, following the almost complete cancellation of the Company's treasury shares, share-based compensation programs are, until further notice, settled exclusively in cash. IFRS accounting effects resulting from the transition to cash-settled share-based compensation are excluded from operating EBIT, while cash effects arising from the cash settlement of such awards are excluded from operating adjusted free cash flow.

Accordingly, the full-year guidance for the EBIT margin and adjusted free cash flow has, as previously communicated in May 2026, been prepared exclusively on the basis of operating KPIs.

¹Capital expenditures for intangible assets and property, plant and equipment less capitalized development expenses.

²Cash flow from operating activities less capital expenditures for/plus disposal of intangible assets and property, plant and equipment.

The Elmos logo is displayed in the top right corner of the slide. It features the word "elmos" in a lowercase, sans-serif font, with a small registered trademark symbol (®) to the upper right of the letter "s". The logo is white, contrasting with the dark blue background of the slide.

Elmos Equity Story | Key Takeaways

- 1 | **2026 Marks the Pivoting Point Toward Sustainable, Structural Growth**
With allocation & destocking behind us, our path toward 2030 is firmly established
- 2 | **Innovation Is Underpinned by Design-Wins – Anchoring Our 1 Billion EUR Target**
The majority of our 2030 revenue target is already awarded, with additional upside beyond
- 3 | **China Remains Volatile – But We See More Opportunities than Risks**
Our localized & resilient setup positions us to capture further structural growth in China
- 4 | **Our Midterm EBIT Targets Are Intact – with Further Optimization Ahead**
Disciplined cost & efficiency initiatives bring us close to our ambition as early as 2026
- 5 | **Cash Is Here to Stay – and We Have Already Proven It**
FCF rose from 1% to 11%, targeting 17% through strict investment & working capital discipline
- 6 | **Capital Allocation Has Entered a New Transformational Era**
Excess cash is deployed with a clear return mandate and long-term shareholder value focus

Shareholder Structure set for Long-term Perspective with increased Free Float

Elmos Semiconductor SE Shareholder Structure

Shareholder structure before ABB transaction
(May 11, 2026)

Anchor shareholders¹: 54.03%
Free float²: 45.97%

Shareholder structure after ABB transaction
(May 11, 2026) and cancellation of 540,000
treasury shares after AGM (June 8, 2026)

Anchor shareholders¹: 44.89%
Free float²: 55.11%

 Free float +20%

- Protea Heritage GmbH (previously: Weyer Beteiligungsgesellschaft mbH)^{1,3}
- Jumakos Beteiligungsgesellschaft mbH¹
- ZOE-VVG GmbH and related parties¹
- Treasury Stock
- Free float

¹Elmos anchor shareholders

²Free Float including treasury stock (if below 5% of outstanding shares)

³Weyer Beteiligungsgesellschaft mbH changed its name to Protea Heritage GmbH effective September 3, 2026. Its shareholding in Elmos Semiconductor SE remains unchanged.

Elmos 5-Year Share Price Development

Market Capitalization (as of September 30, 2026)
~2.7 billion Euro

Close Sep. 30, 2026
155.00 Euro

Placement of 1.86 million existing shares by two anchor shareholders

Weyer Beteiligungsgesellschaft mbH and ZOE-VVG GmbH, two anchor shareholders of Elmos, successfully placed 1.86 million existing shares on a pro-rata basis, corresponding to 10.5% of the current share capital in Elmos Semiconductor SE to institutional investors at a placement price of 176 Euro per share on May 11, 2026.

The placement increased the free float of the Elmos shares by 20%. After the transaction and the cancellation of treasury shares (June 8, 2026), free float is around 55% and the three anchor shareholders continue to combine around 45% of the share capital, providing a continued stable ownership structure.

ESG Ratings

For Elmos, **sustainability** is an **integral part** of our **corporate strategy**, management processes and business goals.

Awareness of **social & ecological responsibility** has been firmly anchored in our culture for years and is reflected in many activities, projects and measures.

This **commitment to sustainable development** is increasingly being confirmed in ESG ratings.

ESG Product Matrix & Product Contribution¹

		Contribution to increased		
		environmental protection and efficiency	safety and health	comfort and well-being
Application	Automotive			
	Airbags	low	high	low
	Ambient lighting	medium	low	high
	Exterior lighting	medium	high	low
	Motor control and thermal management	high	medium	medium
	Optical ICs (incl. Rain/Light/Tunnel)	-	medium	high
	Power management (including eFuses)	medium	low	low
	Sensor ICs (including battery management)	medium	medium	low
	Ultrasonic sensors for environment detection	low	high	high
	Non-automotive			
	Industrial automation	medium	medium	-
	Smart home	high	medium	high

- 63% of Group sales make a substantial contribution to **environmental protection**
- 81% of Group sales enhance **safety and health**
- 64% of Group sales increase **comfort and well-being**

¹Based on data for 2025. All applications with a high or medium impact are considered to make a significant contribution.

Elmos Corporate Carbon Footprint & Climate Targets

Elmos Corporate Carbon Footprint 2025

- The calculation of the Corporate Carbon Footprint (CCF) is based on the international reporting standard **Greenhouse Gas (GHG) Protocol**.

Elmos Climate Targets

- Elmos wants to reduce its GHG emissions **as a fabless company** for its own activities (Scope 1 & 2) by **40% until the year 2026** compared to the base year 2022.
- Elmos wants to become **climate neutral** for its own activities (Scope 1 & 2) by 2035.

Scope 1 & 2 emissions

	12/31/2021	12/31/2022	12/31/2023	12/31/2024	12/31/2025
Total assets	418.0	542.4	812.4	799.8	829.2
Shareholders' equity	300.2	360.4	447.9	563.2	641.5
in % of total assets	71.8%	66.4%	55.1%	70.4%	77.4%
Financial liabilities	76.1	81.0	118.7	113.2	99.8
Liquid assets and securities	66.1	72.1	108.3	91.5	119.7
Net cash/Net debt (-)	-10.0	-8.9	-10.4	-21.7	20.0
	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
Cash flow from operating activities	79.6	98.6	102.6	16.3	120.0
Capital expenditures ²	60.0	73.0	115.1	44.3	33.6
in % of sales ²	18.6%	16.3%	20.0%	7.6%	5.8%
Cash flow from investing activities	-73.6	-72.6	-73.8	-1.1	-51.3
Adjusted free cash flow ³	11.1	14.9	12.9	5.1	66.3
Dividend per share in Euro	0.65	0.75	0.85	1.00	1.50 ⁴
Employees (annual average)	1,151	1,176	1,282	1,372	1,150

¹ Operating EBIT: EBIT (earnings before interest and taxes) without special effects (extraordinary result from the sale of the wafer fab and cost optimization programs)

² Capital expenditures for intangible assets and property, plant and equipment less capitalized development expenses.

³ Cash flow from operating activities less capital expenditures for/plus disposal of intangible assets and property, plant and equipment (including payments for additions to shares and proceeds/payments from changes in the scope of consolidation).

⁴ Proposal to the Annual General Meeting in May 2026.

DISCLAIMER

This presentation contains forward-looking statements based on beliefs of Elmos' management. Such statements reflect the company's current views with respect to future events and are subject to risks and uncertainties. Many factors could cause the actual results to be materially different, including, among others, changes in general economic and business conditions, changes in currency exchange rates and interest rates, introduction of competing products, lack of acceptance of new products or services and changes in business strategy. Actual results may vary materially from those projected here. Elmos does not intend or assume any obligation to update these forward-looking statements.
